

PARTNERSHIPS

FOR THE RECRUITMENT OF CODERS

PROFILE

OF OUR FULL STACK DEVELOPERS

Main Languages: Html, CSS, JavaScript, Php, jQuery, MySQL and MongoDB, Node.js, Express.js, React.js

Teaching Methodology: Agile Scrum

Students get a double certification (ESIEE-IT France / ESA Business School Lebanon) after completing the program (4 months intensive program + 1 month final project)

Students have a Junior profile (fresh graduates)

PROCESS

- 
- 1** Review and sign the partnership agreement
 - 2** Share your logo
 - 3** Prepare a job description to be shared with the students
 - 4** Interested students apply and potentially undergo interviews
 - 5** Final selection and hiring

MODEL

EMPLOYER

A month and a half of the employee's salary allocated to the ESA Coding Lab upon recruitment

THE HIRED GRADUATE/ EMPLOYEE

Allocate the first month's salary to the ESA Coding Lab

Those fees will be redirected to the recruitment and training of the next batch of students.
